Far West Division
National Ski Patrol Members,

Hello,

I'm writing to you to ask for your vote for Assistant Division Director for the Far West Division.

I am a second generation patroller, from an extended family containing seven patrollers. I am the current FWD ADD, past FWD Toboggan Supervisor, a past Patrol Representative, Toboggan Instructor Trainer, and a Certified patroller with both the NSP and Association of Professional Patrollers. I was honored with the awarding of a Gold Star for being the National Outstanding Patrol Representative and later a Silver Star for the National Outstanding Administrative Patroller Runner-up.

I have enjoyed great rapport and a wonderful working relationship with the FWD board for the past eight years in the above positions. As many of you know, I worked on a review of our educational program, resulting in my belief that we can tune our current model and attain a better fiscal model for our events, while continuing to support our program delivery teams with training and education as we extend our efforts to build our brand and market our most vital product - You the trained and skilled patroller serving the skiing public.

I've had the good fortune of working with many talented patrollers in collaborative roles, working together we have established a thriving Women's clinic series and increased the cross regional training throughout the division. I spearheaded the effort to supply each Toboggan Instructor in the FWD with the new Toboggan Training Manual, over 300 copies in the hands of our delivery team. These efforts support a key component of our brand: a well trained, documented patroller with a predictable level of skills.

I would like your support and vote allowing me an opportunity to continue to contribute and guide our organization as we move into the next decade. Please contact me if you have questions or would like to discuss items.

Thank you,

Lance Vaughan
